

From Science to Business

ESADECREAPOLIS | SANT CUGAT
12-13-14 JUNE 2018

From Science to Business will prepare participants to:

-  **Get acquainted with the business world** and learn how companies create value for society and for themselves: providing more, better and healthier food, a cleaner, healthier and safer environment, and a longer and better quality of life and wealth.
-  Understand the framework within which **companies work and how they create value** in a competitive environment.
-  **Understand the new venture creation process**, and the role that science/technology plays in it.
-  See that **new venture creation needs scientists and engineers**, and that entrepreneurship can be an attractive career path.
