MOOC for Open Science in the Life Sciences

This brand new online course will help researchers to share their science with the world! Easily digestible modules will explore different aspects of Open Science and allow life sciences researchers to gain an 'Open Science Expert' Certificate, with prizes for the most active participants.

The MOOC is open for anyone interested in Open Science and will run from October 21st to November 29th. There will be modules on:

- Data Management
- FAIR Data
- Open Access and Publishing, and
- Science Communication and Public Engagement.

These modules only require 90–120 mins per week but will enable you to become a more effective, confident, and skilled researcher. The course is live but self-paced for each module and will run for 6 weeks.
