

TO THE MOTHERS OF SCIENCE

New call 2020
for BIST scientists

BIST offers **fellowships** and a **coaching programme** to talented BIST female researchers to recognise their roles as scientists and mothers, and support them on becoming pioneers in their fields.

Apply at www.bist.eu/mothers-of-science

Open call from March 8 to April 14, 2020

Anna Lee Fisher is an American chemist, emergency physician, and a former NASA astronaut who in 1984 became the first mother in space.
